

TRAVEL

Note – Your Travel Plan provides limited coverage on a reimbursement basis. You will be expected to pay for services rendered and submit the paid receipts upon return to your province of residence.

- In the event of an emergency which occurs while you are traveling or vacationing outside your normal province of residence, for a period of not more than 6 weeks, you will be reimbursed for semi-private hospital accommodation charges, including ancillary and miscellaneous charges, however, Green Shield Canada will not pay an amount which is greater than it would pay for semi-private hospital accommodation when incurred in your province of residence. Charges are limited to a maximum of 14 days per period of confinement, unless a physician certifies that you should not be moved back to your province of residence.
- Hospital charges incurred as an out-patient for necessary medical or surgical treatment (excluding physicians' fees and interns' fees). Expenses incurred outside your province of residence (for both emergency and non-emergency treatment) will be considered for reimbursement in the same manner as those incurred in your province of residence.
- When emergency charges are incurred for a licensed physician's services while traveling or temporarily residing outside your province of residence, but within Canada, for a period of not more than 6 weeks, payment will be limited to 200% of the amount for such services specified in your province of residence's provincial Medical Association Fee Schedule.
- When emergency charges are incurred for a licensed physician's while travelling or temporarily residing outside Canada, payment will be made for reasonable and customary charges which are in excess of the amount listed in the provincial Medical Association Fee Schedule.
